# All-Wool . . .

## Natural Llama Hosiery

Unshrinkable.

---

We claim these Goods to be

### 'The IDEAL UNDERWEAR,'

For the following reasons :

1st.—Every garment is full-fashioned, which means they are made and anatomically fashioned on the frames, and *NOT* cut out of a web of cloth. Hence there are no rough seams.

2nd.—They are made from the purest 2-ply and 3-ply All-Wool Yarns, and are strongest where others are weakest, in that all hard wearing parts are EXTRA SPLICED.

3rd.—They retain all the original virtues of the wool, do not shrink nor become hard in washing, and remain soft and elastic up to the very last. They do not irritate the most tender skin.

4th.—Doctors are themselves amongst our largest Customers for these goods, and we find they constantly recommend them to their Patients as being the perfection of All-Wool, full-fashioned, unshrinkable Underwear.

Made in three weights. Sample Garments sent on approval on receipt of remittance.

## DIRECTIONS

FOR

# Washing Woollen Underclothing.

---

*Use a good quality of Soap, which should be thoroughly melted in boiling water (one pound of soap to six gallons water).*

*Reduce the lather to a medium heat, say 90 degrees F., and add two table spoonfuls of Liquid Ammonia.*

*Clean the Goods by drawing through the hands, and AVOID RUBBING.*

*Pass through a wringing machine and then rinse in two lots of warm water about 80 degrees, to remove any Soap left in the garments.*

*Stretch the article to its original size and then dry in the open air if possible, but not before a fire.*

*NOTE.—If these instructions are carefully adhered to we will replace, free of charge, any garment found to have shrunk in washing.*
